Stop the murders in Mexico—Col. Roosevelt

In Mexico men like you, Americans, brothers to you by the same blood, have been murdered. American women like your wife and sisters have been outraged. American homes like your home halloved with the same dear associations, have been pillaged and burned. Read Colonel Roosevelt's indictment of a government that has done nothing. Learn the menace that present-day Mexico is to our peace with the world. Already Spain, her minister ousted from Mexico, has petitioned the Powers to step in and settle the anarchy across our own borderline.

And with Japan—is it to be everlasting trouble, endangering peace, or is there a possible solution of the vital issues between us? In a courageous article Colonel Roosevelt answers the Japanese problem as he sees it.

Today Europe is hip-deep in war. The world bristles with guns. It is a time for intelligent listening and clear thinking. The two biggest questions before you today are discussed by a man whose Americanism no man ever questioned.

You will find this compelling contribution by Colonel Roosevelt in the March Metropolitan.

And in the same remarkable and timely magazine you will read "Twilight Sleep in America," by the pioneers of the movement in this country, Mary Boyd and Marguerite Tracy. John Reed's vivid picture of "German France." Four short stories, any one of them big enough to be the headline feature for the average magazine, by Richard Harding Davis, Rupert Hughes, Booth Tarkington and Fannie Hurst. Washington in Pen and Picture, by Art Young. Socialism and War, by Morris Hillquit. The Story of a Pioneer, by Dr. Anna Howard Shaw. Today and Tomorrow, by Walter Lippmann.

Inquiry Ordered Into Destruction of American Ship in German Waters—Claim for Damages Is Certain.

Washington, February 22.—President Wilson conferred with Secretary Bryan tonight concerning the destruction of the American steamer Evelyn off the German coast, but in the absence of definite information as to what caused the wreck no course of action beyond diplomatic inquiries was decided.

The plan to investigate the cause of a part of the Evelyn's crew headed for the coast of Holland, Secretary Bryan said.

American Minister Van Dyke, at The Hague, asking that every care be extended to the crew and an investigation of the occurrence be made through all available agencies.

Earlier in the day Secretary Bryan had conferred with the British ambassador, Lord Curzon, of the American embassy at Berlin, to investigate the disaster.

Said for Damages Certain.

It was conceded in official quarters that if the nationality of the mine was not determined, and if no proof was obtained to show whether official notifications to neutral vessels concerning the courses they should steer were being followed by the Evelyn, there would be virtually no ground for diplomatic protest.

A civil suit, however, is certain. Some officials thought that a claim for damages might be had against both Germany and Great Britain.

GERMAN BLOW HAS FALLEN SHORT.

Statement on the Retreat From East Prussia—Berlin Claims 100,000 Russians Captured.

Petrograd, February 22.—Expansion of the Russian retreat from East Prussia is contained in a communication given out last night by the general staff. Successes of the Russian army are attributed largely to the lack of strategic railways which prevented the Russians from concentrating with necessary rapidity on our East Prussian front forces indispensable to ward off the drive of the enemy.

The general staff asserts that the massing of German troops in East Prussia was not so rapid as it was on February 4, but that the magnitude of the concentration did not become known until several days later.

With these conditions, it is stated, withdrawal of the Tenth Russian army from East Prussia toward the frontier was decided upon. This was followed by a further concentration towards the Niemen and the Bzura rivers.

The Russian Statement.

The German, after a series of exceptionally obstinate and tenacious attacks upon the Russian front, became persuaded of the impossibility of dislodging the Russian army from the left bank of the Vistula and proceeded at the end of January to put a new offensive into effect.

Having finished the formation in the interior of the country of several new corps and deciding to continue the war on the left bank of the Vistula, the German army was enabled to launch an overwhelming force against our Tenth army.

STOCK OF ANILINE DYES VERY LOW IN ENGLAND

London, February 22.—In discussing the efforts the government has been making to obtain supplies of aniline dyes in place of those formerly produced from Germany, President Russell of the board of trade, said in the house of commons today that the stock of dyes in England had run so low that a large group of industries dependent upon these dyes would be seriously affected unless emergency measures were adopted. The government had made arrangements for forwarding supplies of raw materials to certain Swiss manufacturers, who were to return finished dyes for them.

FARM JOBS GO BEGGING
IN VICINITY OF CHICAGO

Chicago, February 22.—Farm jobs near Chicago are going begging, according to Mrs. Louisa Z. Meier, superintendent of public welfare. "Farmers are offering transportation and good wages, and in some cases board and washing," said Mrs. Meier. "But the men refuse to go to the farms. Last week an average of 600 men a day visited this office and demanded work of any kind."

**Need more floor space?
Add L. B. equipment**

You've been in offices that seemed overcrowded. Desks, everything, chockablock—hardly room to turn around.

Visitors think a business man of that kind can't afford extra floor space—his floor space does cost money. Or, that he doesn't know the value of a well ordered office.

In either case, L. B. counter-high files would solve the problem—by providing a means of utilizing floor space to greatest advantage. L. B. counter-high units give you a broad counter top, with abundant filing and storage space below. This means more floor space. Combinations of units depend upon your requirements—whether your office is large or small. Why not find out more about them?

DEFEND BROTHER OF A. D. OLIVER

Impossible for Frank to
Have Been Guilty of Of-
fenses Credited to Charles,
Declares Edward Blazer.

That A. D. Oliver, the slain financier of Atlanta and Leesburg, Ga., duped officials of Mississippi when he secured his liberty on the plea his twin brother was responsible for the crime of which he was accused, is indicated by information received by The Constitution Monday from correspondents in Ohio.

Developments in this strange case tend to show that Oliver was in reality Charles Blazer, and that he had no brother, Frank, now living in Greenfield, Ohio; a twin brother, Frank, now living in Yellow Springs, Ohio, and another brother, Edward, also of Yellow Springs.

People in a position to know, however, declare that Frank lived in Yellow Springs for over six years, and that before that time his residence was in Kentucky, and that it was impossible for him to have been mixed up in the operations of Oliver, or Blazer.

The Mississippi episode in the life of the slain financier came after his trial in Georgia on the charge of bigamy. It was claimed by authorities that he was an escaped convict from that state, the governor granted regular papers, and he was taken to Mississippi to serve his term. There he managed to persuade authorities that a twin brother who had been going under the name of Harding, was responsible for the crime of which he was accused. After he was freed he returned to south Georgia.

The story from Cleveland is as follows:

Cleveland, Ohio, February 22.—(Special.)—That Charles Blazer, alias A. D. Oliver, who was slain in Georgia, has a twin brother who is now living in

Yellow Springs, Ohio, but that it would have been impossible for him to have been mixed up in any deal with Charles, was declared tonight by Edward Blazer, a brother of the slain banker, who also lives in Yellow Springs.

"The slain man's son, Roy E. Blazer, who has been living in Yellow Springs, and will arrive there tomorrow, Charles and Frank, who live here in the village, were in contact with Edward Blazer over the long distance phone tonight.

"He said that he is in Yellow Springs for the last six years, and previous to that time made his home in Kentucky. He has not seen Charles nor heard from him for several years. I know of no one of the family who knows anything about Charles for nearly ten years. He left home many years ago and never returned.

"None of us ever heard of Charles securing a sentence on the plea that Frank was the guilty one. We have known absolutely nothing of our brother's doings for the last ten years."

"Blazer said that he does not know what steps Roy will take in regard to the estate left by his father. Whether or not the son had been in communication with his father in recent years, Blazer does not know.

"All that I know is that I got a message from Roy stating he would come here, to see Charles here tomorrow," said Blazer.

OLIVER'S PHOTOGRAPH REQUESTED BY BANK.

Leesburg, Ga., February 22.—(Special.)—Police Officer J. A. Forester received today a letter from the Columbia County National Bank, Leesburg, Ga., asking for a photo of Oliver, signed "J. J. McHenry." This is the signature, apparently, as the one found on the check in Oliver's possession for \$250,000, signed J. J. McHenry, cashier. The check is dated Jan. 1914.

An outside judge is expected to preside at the trial of Oliver, which is being held on Wednesday, probably Judge Greer, of Macon county.

SENATE DISCUSSES ARMY AND NAVY BILL, AND HOUSE DEBATES FORTIFICATIONS—SENATE PASSES PENSION BILL.

Washington, February 22.—Appropriations for national defenses occupied the attention of both houses of Congress today in the general rush to clear up the supply bills before adjournment, if possible. The senate discussed until late tonight the army appropriation bill, which was approved by the house while the house continued on the fortifications bill.

While progress was being made on both these measures, the senate committee practically consumed consideration of the naval appropriations measure, and the senate discussed for four minutes to pass, without debate, the pension bill carrying \$10,000,000. The passage of this bill the senate appropriated at the rate of \$10,000,000 a minute.

Increases for submarines and aviation operations of the navy were recommended by the senate committee on naval affairs, which would total approximately \$150,000,000. The committee urged \$10,000,000 for aviation, instead of \$10,000,000, authorized in the house bill. The senate committee also recommended the construction of six sea-going submarines instead of one, and sixteen instead of eleven of the smaller type.

Notwithstanding the progress being made on appropriations in the senate, the house indicated today that not all the bills could be passed, whether the ship-purchase bill be reported back from the conference committee or not. Several democratic senators said they feared it might be necessary to adjourn several emergency resolutions in the closing hours of the session. So far as the ship-purchase bill concerned, the republican leaders seemed to favor some appropriation measures still before the senate next Saturday when the conference committee is to report. The committee may report a disagreement at that time.

Considerable discussion preface consideration of the army bill, necessitating a night session. In urging prompt action, Senator Chamberlain explained the absence of provisions for the organization of the army with the session would not permit proper consideration of the bill. The republican leaders seemed to favor some appropriation measures still before the senate next Saturday when the conference committee is to report. The committee may report a disagreement at that time.

Many speeches were made in the house during the fortifications bill debate. Republican leaders seemed to favor some appropriation measures still before the senate next Saturday when the conference committee is to report. The committee may report a disagreement at that time.

Chicago, February 22.—Professor George C. Yarbrough, who was offered his \$4,000 position as controller of the University of Illinois to gain Miss Helen James, daughter of Edmund C. James, president of the university, as his bride, has found a better job. He is to undertake research work for a large commercial house here. It was announced today, and his resignation said, will be considerably more than he earned in the university.

Neglected Kidney Trouble --Serious Sickness

A year and a half ago I was taken with a severe attack of kidney trouble that almost led me to the grave. I was so miserable that I decided to try it and felt much relieved. While taking the second bottle I decided to pass Dr. Williams' Pink Pills. I had passed in all at least a half dozen bottles and had not suffered the slightest since—and in all have taken one bottle and a half, and feel very grateful to Swamp-Root.

Yours very truly,

Only Seven Crackers Insigned

EDITED BY DICK JEMISON.

TULOS SIGNS UP; ONLY SEVEN OUT

Makes Nineteenth Cracker
Now in Line—Unsigned
Players Not Really Hold-
outs.

L. E. Tullos, the third baseman who recently agreed to terms with the Crackers, but objected to signing a contract that was dated on the thirtieth of the month, is now in line. On Tullos' refusal, Manager Smith sent him another contract with a different date. The third-cracker immediately sent his contract in signed.

With Tullos signed, the total signed now numbers nineteen, and seven men yet to be signed. Those remaining unsigned are Pitchers Bent and Manning, Catchers Jenkins, Rumber and Jarosick, and Shortstop Bland and Outfielder Moran.

But the signing of these players is a mere matter of formality, and will be concluded in the near future.

JOHNSON IN HAVANA.

Champion Appears to Be in Good Condition.

Havana, February 22.—Jack Johnson, the negro pugilist, accompanied by his trainers, arrived here today from Havana. He appeared in good condition and said his only anxiety now was to reach Havana in time for his match with Jess Willard, on March 6.

Johnson declared he was determined to push ahead in spite of conditions in Mexico. It was said that Johnson might give an exhibition bout here with Sam McVey, of Jim Johnson.

El Paso, Texas, February 22.—The promoter of the Johnson-Willard fight today said that the bout was set for March 6, at Havana, but that it would be postponed if Johnson arrived in poor condition.

Johnson will reach Havana in not more than a few days. The plan of entering at that port, and American border officials are on the lookout should he attempt to enter through the United States, on account of the indictment against him in Chicago.

The line-up:
Dahlonega (25): Piedmont (17):
Wester (1): ... Kester
Patterson (1): ... Williams

MORAN KIRCHER DEAL COMPLETED

Mere Formality of Contract-Signing Is All That Remains to Complete the Deal.

The deal whereby the Atlanta Southern league club swaps George Kirchner to the Oakland Pacific Coast league for Roy Moran has been completed.

Manager Smith returned from Little Rock yesterday, where he attended the Southern league meeting, and it was at this meeting that he got word from the other club that Kirchner, as Kirchner has agreed on terms with the Atlanta club, it is only a mere matter of formality until the two men swap places.

The swap is agreeable to everyone interested. Kirchner wants to play in Atlanta. Bill Smith wanted Moran and the Oakland manager wanted Kirchner. So there you are.

TOUCHARD-WASHBURN WIN INDOOR TENNIS

New York, February 22.—G. F. Touchard and William Washburn won the National Indoor Tennis doubles championship today, defeating Earl Bahr and T. E. Hall, in five sets, 7-5, 6-4, 6-2, 6-3.

The result was somewhat unexpected as Bahr and Hall were the favorites. Touchard directed the maneuvers which won the title. While uncertain which player he favored, he was determined to push ahead in spite of conditions in Mexico. It was said that Johnson might give an exhibition bout here with Sam McVey, of Jim Johnson.

El Paso, Texas, February 22.—The promoter of the Johnson-Willard fight today said that the bout was set for March 6, at Havana, but that it would be postponed if Johnson arrived in poor condition.

Prep League Basketball Season Comes to a Close Today With This Feature Game.

The local prep league will wind up the 1915 basketball season today. Boys' High and Marist will play in the deciding game of the season, on the Wesley Memorial court, at 2 o'clock.

Both Boys' High and Marist are in good shape for the game, and both are confident of coming out with the lion's end of the score. The two teams have met once before, Marist proving the victor, defeating the Gilmer Street crew by the count of 30 to 25.

The game was scheduled to be played between Peacock and Levey, but it has been postponed indefinitely, as the members of the two teams desired to witness the Boys' High-Marist set-off.

The referee of the game has not yet been selected, but it is expected that Blumhard or Fred Hoyt will be the official handler of the indicator.

The game will start promptly at 2 o'clock, and an admission fee of 25 cents will be charged.

The way the two teams will line up is:

ABEL IN SHAPE FOR CHITNEY BUT

Is Heavier Than Ever—The Bout Will Be for the Title of Atlanta's Favorite Boxer.

There seems to be no doubt whatever that Jake Abel is going to be in "shape" next Thursday night to put up the fight of his life against Frank White when the pair meet at the Bijou theater.

Abel is training at his home town, Chattanooga, and will not be here until the day of the mill.

"I feel in better shape than I have been in for a long time," said one of the pilgrims who got back after a Sunday spent in Chattanooga.

But he isn't fat—not a little bit. He is just larger than he was when he was fighting quite regularly in Atlanta. He has added a couple of years to his frame, and he is mighty good to look at.

At that, Abel is only 21 years old—just in the first flush of his prime, one might say. He is a clean living chap, and the hard work he is doing now is merely to perfect his wind.

He is a fighter, and he is always in shape. This time the fight is for the title of Atlanta's favorite boxer.

ALL CHARGES DENIED BY U. S. JUDGE DAYTON

Declares He Never Favored
B. & O. Railroad, Which
His Son Represented.

Washington, February 22.—Emphatic denial of impeachment charges pending against him today by Federal Judge A. G. Dayton of West Virginia, before the investigating committee of the house judiciary committee, Judge Dayton testified out the afternoon and evening sessions and repudiated in elaborate detail to the accusations. He professed his state of mind with an expression of gratitude to the committee.

He was tested for several months under these charges, he said. "I have been subjected to espionage in my private affairs, my debts and financial obligations have been pried into, and a constant series of inflammatory articles has appeared in newspapers. I have endured all this and therefore feel justified in saying that I am a victim of the committee in the manner in which it has proceeded and that I am a victim of the committee in the manner in which it has proceeded and that I am a victim of the committee in the manner in which it has proceeded."

Attitude of Mine Workers.

The judge dwelt upon the attitude of the mine workers, who he said were toward him, referring to certain articles in the Baltimore Sun, and declaring that he simply carried out the duty without any prejudice against Union John.

He said he had in the past sought to displace Judge John H. Jackson, his predecessor on the bench, and specifically denied that he had joined in a conspiracy with Baltimore railroad officials to force Judge Jackson's resignation, or that he had been in any way connected with the Baltimore and Ohio railroad in any way.

He said that he had been in the Baltimore and Ohio railroad in the past, but that he had never shown favoritism to the Baltimore and Ohio railroad in any way.

He said that he had been in the Baltimore and Ohio railroad in the past, but that he had never shown favoritism to the Baltimore and Ohio railroad in any way.

in five miles of this ground the buyer paid for less than \$200 an acre. The ground is good and prolific ground is evident from the fact that it joins the Dahlia company tract and is surrounded by the homes of the very best people in the section. About 150 acres cleared and cultivated, balance woodland and pasture. The owner would do a bit of trading on good terms. See me as soon as you or you may be too late. Hasty but last long. Frank J. BUSHILLS of corn, 200 bushels of wheat, 10,000 bundles of fodder, 200 tons of hay. The mill was built in 1850. The cotton was only a part made on this plantation in 1914. It belongs to the State and is offered for sale for division. The tract contains 270 acres, 200 in corn, of which 100 in fine bottom. This tract produces any kind of grain and stock. A few years ago could not be bought for \$100. Now you have an opportunity to buy it for much less than it's worth. It is among the oldest corn mills in Georgia. On this place: good water power, a fine view, two tenant houses, mill race, etc.
